

# How to get your Spartan-3 Board Working!

Files compiled and packaged and install guides modified by: **FernFerret**

## **READ ALL INSTRUCTIONS FIRST!!**

I cannot stress this enough, this package WILL work if you follow ALL instructions.

0. (This step is for those who have not already copied these files to your my documents folder) Copy the entire “Spartan-3 Installation” Folder To your “My Documents” Folder
1. Open the 1\_Xilinx Folder, and open “Xilinx Install Guide.pdf”
2. Follow all instructions, and when finished, open the “2\_Cadence” Folder (It’s in the Spartan-3 Installation that you copied earlier)
3. Complete that install, and open the “3\_Digilent Adept Suite” Folder and follow all of those instructions
4. You are done!
